/---- DfyQ SYLLABUS -----\

My PDF notes [on course-webpage], as well as most of chapters 1-4, 6-7, from

"Differential Equations with Boundary-Value Problems" (8th edition)

We'll cover complex numbers, and convolutions earlier than the textbook.

There is a private DiffyQ Archive page, for us to communicate with each

other. I will email you the URL.

_____ /

/---- GRADES: The number of points below are /approximate/ --\
 Three in-class exams, each approx. 200 points.

There will be some small number of "pop" (unannounced) microquizzes, each worth 30points. These will never occur on religious holidays; please EMAIL of such holidays THIS WEEK.

Usually, a pop-quiz has a single, easy question. I use them primarily for attendance, or checking that an idea from the previous class caught on.

>> Important:: I /drop/ the lowest microquiz score. AND: There
 >> is /No Makeup/ for the first missed quiz; that is what the dropped-score is for.

Under /rare/ circumstances, I /may/ give you a makeup for a later missed quiz, if you have a good reason for missing.

I usually give a microquiz /the classday after an exam day.

_____ /

/---- More Grades: -----\
 * There will be 3 exams, each approximately 200points.

* Some number of microquizzes (each 30points).

* A CP (class-participation) grade for each month (approx. 45points);

CP grade is based on posting to our Archive, on class attendance,
 on lively participation in class.

* An /Optional/ Project at the end of the semester. My class has no final exam.

> I will give a a written course-grade estimate no later than the morning of
 > Monday, 23Nov.2015, the withdraw date.

There is /no/ final exam. Rather, there will be
 an /Optional/ Individual Final-Project, that must be typed. It can
 lift or lower your grade by "one click"; a grade of "B" could become a
 "B+", or stay a "B" or, if the project is terrible, drop to a "B-".

_____ /

HOMEWORK: I do not collect written HW. Rather, a substantial part of
 your CP grade comes from your posting solutions to the Archive. These
 are not typically assigned; it depends on your own energy and motivation.

I will email the URL of the Archive to each student.

IMPORTANT DATES:

Class photo day is Wednesday, 02Sep2015, in class. If you want to be in a photo, look sharp!

Exam W: Wednesday, 30Sep2015.

Exam X: Wednesday, 28Oct2015.

Exam Y: Monday, 16Nov2015.

Optional Individual Final Project: Available for you to print the PDF on Thursday, 03Dec2015.

If you choose to do the project, it is due NO-LATER-THAN 2PM, on Thursday, 10Dec2015, slid under my office door, 402 Little Hall.

The class-date after each exam, we will typically have a microquiz that is meant to be a "freebie", if you read and thought about solutions to the exam that you and your colleagues posted.

Upon /rare/ occasion, I have had to move an exam one class-day earlier, or one class-day later. Please do not make alternative plans for those days.

IMPORTANT: Because I post exams the evening of exam day, so that you-all can race to post solutions, if you have an extenuating circumstance and cannot take the exam on exam day, then let me know /WAY/ in advance. I will give you the exam

ONE DAY EARLY.

I will be /grumpy/ if I have to give you the exam /after/ the exam-day, as that prevents me from posting the exam.
